25X1

1. The following June 1955 distribution quotas apply to the Willy Becker rolling mill in Kirchmoesser:

a. To the Metals Trade Central (DHZ-M)	15,398 tons
b. To consumers directly from the mill	3,450 tons

2. Of the June 1955 production, the following amounts were distributed by the Willy Becker rolling mill:

a. To the Metals Trade Central	10,920 tons sheet metal 4,805 tons bar iron
b. To consumers directly from the mill	3,149 tons bar iron and sheet metal 528 tons sinter and scrap iron 106 tons slag 192 tons slurry coal

3. Deliveries from Czechoslovakia which had supplied the rolling mill with raw metal products since May 1955 were discontinued in mid-June. The Brandenburg steel mill is again the main supplier.

4. The rollers of the Willy Becker plant are of such poor quality that they have to be reconstructed continuously. After a two-day use, they can not turn out square steel bars, only flat-bar steel.
